Commissioner for Patents

The reply filed on 12/22/04 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicants have not addressed the objection to claim 9 made in the first paragraph of the previous Office action. The certification may be included with all correspondence concerning this application or proceeding to establish a date of mailing or transmission under 37 CFR 1.8(a). The Certificate should be signed by the individual actually depositing or transmitting the correspondence or by an individual who, upon information and belief, expects the correspondence to be mailed or transmitted in the normal course of business by another no later than the date indicated.
